Bierman ABA has met with and compiled the list of resources below. The following providers have experience diagnosing and assessing Autism Spectrum Disorders. When contacting the providers, discuss the cost of the evaluation, the testing procedures and assessment tools used, and the type of follow-up report that will be provided to you. Additionally, contact your insurance company to determine how much and what portions of the assessment will be covered. If you have any questions, feel free to contact M.Bender@Biermanaba.com or call 317-815-5501 x 702
